first broadcast in the not too distant past on a television station in minnesota mystery science theater 3000 soon grew out of its humble beginnings and found a new home on cable television this simple show about a man and two robots forced to watch bad movies became a cult classic and episodes of the series continue to be packaged in dvd collections to this day before its final run the show received emmy nominations and a peabody award for television excellence and in 2007 time magazine declared mst3k one of the 100 best shows of all time in reading mystery science theater 3000 critical approaches shelley s rees presents a collection of essays that examines the complex relationship between narrative and audience constructed by this baffling but beloved television show invoking literary theory cultural criticism pedagogy feminist criticism humor theory rhetorical analysis and film and media studies these essays affirm the show s narrative and rhetorical intricacy the first section rhetoric and the empowered audience addresses mst3k s function as an exercise in rhetorical resistance part two mystery science theater 3000 and genre analyzes mst3k through distinct generic traditions including humor studies traditional science fiction tropes and the b movie finally the third section addresses postmodern and intertextual readings of the show by providing an academic treatment of an iconic television phenomenon these essays argue that mystery science theater 3000 is worthy of serious scholarly attention though aimed at a discerning readership of academics this collection will also appeal to the intellectual nature of the show s well educated audience

csi has been heralded in many spheres of public discourse as a televisual revolution its effects on the public unprecedented the csi effect television crime and governance demonstrates that csi s appeal cannot be disentangled from either its production as a televisual text or the broader discourses and practices that circulate within our social landscape this interdisciplinary collection bridges the gap between the study of media particularly popular culture media and the study of crime the contributors consider the points of intersection between these very different realms of scholarship and in so doing foster the development of a new set of theoretical languages in which the mediated spectacle of crime and criminalization can be carefully considered this timely and groundbreaking volume is bound to intrigue both scholars and csi enthusiasts alike

this volume documents a range of qualitative research approaches emerged within mathematics education over the last three decades whilst at the same time revealing their underlying methodologies continuing the discussion as begun in the two 2003 zdm issues dedicated to qualitative empirical methods this book presents a state of the art overview on qualitative research in mathematics education and beyond the structure of the book allows the reader to use it as an actual guide for the selection of an appropriate methodology on a basis of both theoretical depth and practical implications the methods and examples illustrate how different methodologies come to life when applied to a specific question in a specific context many of the methodologies described are also applicable outside mathematics education but the examples provided are chosen so as to situate the approach in a mathematical context

stephen colbert is a pop culture phenomenon more than one million people backed his fake candidacy in the 2008 u s presidential election on facebook a testament to the set of issues and emotions colbert brings to mind each chapter is written by a philosopher and all focused on colbert s reality from his word creations truthiness wikiality freem and others to his position as a faux pundit who openly mocks fox news and cnn although most of the discussion is centered on the colbert report this collection does not neglect either his best selling book i am america and so can you or his public performances including his 2006 white house press correspondents dinner speech from publisher description
